I agree with the following aims and objectives of the society.

To create awareness and understanding among people of the value of trees.

To strive for the preservation of indigenous forests and trees wherever vital and desirable and thereby to protect the environment

To plant and encourage the planting of trees wherever possible

To ensure legal protection for the indigenous species and to assist in the enforcement of these laws.

To carry out educational programs especially among the youth to demonstrate the value of the natural environment and why it is essential that it be preserved.

Your expectations of the membership;
